

Feedback form to know who's played this game & if it helped you

Would the Dealer kindly fill this in, with the help of the group? The game is part of a European Commission research project and we would like to record the name of the group, the place and date and how many people played. It also helps to have some idea of the spread of age and gender of the group, where and when it was played, and whether you found it helpful. Thank you.
